Guangzhou Wenao Technology Co., Ltd.

2025

ABOUT US

Guangzhou Wenao Technology Co., Ltd.

Formerly Guangzhou Zhengao Electronic Technology Co., Ltd., Was established in 2006.

We has been committed to research and development and sales of HID xenon kits and LED Headlamp Since the company established in 2006.

In 2012, Our brand "GPNE" was formally established. With a professional, persistent, and progressive business philosophy, it has leapt to the leading position in the domestic automotive lighting industry in just a few years. Company has more than 20,000 square meters of productions and development base and annual sales amount to hundreds of millions RMB.

AREA
20,000m²

STAFFS
600+

BELTLINES
80+

- Successfully passed the review of its upgraded version of ISO9001: 2015 in 2017
- Guangdong Province High-tech Certified Enterprise
- Annual Inspection Enterprise of Guangzhou Administration for Industry and Commerce
- The company currently has more than a dozen software copyrights and more than 10 patents, and a number of invention patents have entered the actual trial.

LED HEADLIGHT

FOCUS BEAM

V6P/V6X 3COLORS VERSION III

External DRIVE MODE

ETI CHIPSET MODE

Hybrid & EV support

Built in temperature control system, used under a suitable temperature

Good decode effect fit for 99% car models

30,000 hrs

Custom Lamp Beads

Highlight Focus Light

Diamond High Quality

0.1S Instant Start

Waterproof IP68

Socket To Socket

Easy To Install

Energy Conservation

5G COOLING TECHNOLOGY

- High speedcooling fan
- Aluminum 6063

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	40W/bulb	-	5000LM/bulb

06/06X 3COLORS VERSION III

External DRIVE MODE

3570 CSP CHIPSET MODE

Single COPPER TUBE

Hybrid & EV support

Built in temperature control system, used under a suitable temperature

Good decode effect, fit for 99% car models

30,000 hrs

Custom Lamp Beads

Highlight Focus Light

Diamond High Quality

0.1S Instant Start

Waterproof IP68

Socket To Socket

Easy To Install

Energy Conservation

5G COOLING TECHNOLOGY

- High speedcooling fan
- Aluminum 6063

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	55W/bulb	-	7000LM/bulb

75A

- External DRIVE MODE
- 3570 CSP CHIPSET MODE
- Double COPPER TUBE

Hybrid & EV support
Built in temperature control system, used under a suitable temperature
Good decode effect, fit for 99% car models

5G COOLING TECHNOLOGY
• High speedcooling fan
• Aluminum 6063

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	75W/bulb	-	8300LM/bulb

100V

- External DRIVE MODE
- 3570 CSP CHIPSET MODE
- Double COPPER TUBE

Hybrid & EV support
Built in temperature control system, used under a suitable temperature
Good decode effect, fit for 99% car models

5G COOLING TECHNOLOGY
• High speedcooling fan
• Aluminum 6063

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	100W/bulb	-	10000LM/bulb

80C

- External DRIVE MODE
- 3570 CSP CHIPSET MODE
- Double COPPER TUBE

Hybrid & EV support
Built in temperature control system, used under a suitable temperature
Good decode effect, fit for 99% car models

5G COOLING TECHNOLOGY
• High speedcooling fan
• Aluminum 6063r

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	80W/bulb	-	8000LM/bulb

120E

- External DRIVE MODE
- 4575 CSP CHIPSET MODE
- Double COPPER TUBE

Hybrid & EV support
Built in temperature control system, used under a suitable temperature
Good decode effect, fit for 99% car models

5G COOLING TECHNOLOGY
• High speedcooling fan
• Aluminum 6063

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	120W/bulb	-	12000LM/bulb

A85/D85

- External DRIVE MODE
- 3570 CSP CHIPSET MODE
- Double COPPER TUBE

Hybrid & EV support
Built in temperature control system, used under a suitable temperature
Good decode effect, fit for 99% car models

5G COOLING TECHNOLOGY
• High speedcooling fan
• Zinc alloy
• Combine with the vapor chamber

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	85W/bulb	-	8300LM/bulb

B130

- External DRIVE MODE
- 4575 CSP CHIPSET MODE
- Triple COPPER TUBE

Hybrid & EV support
Built in temperature control system, used under a suitable temperature
Good decode effect, fit for 99% car models

5G COOLING TECHNOLOGY
• High speedcooling fan
• Zinc alloy
• Combine with the vapor chamber

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	130W/bulb	-	12400LM/bulb

130B

- External DRIVE MODE
- 4575 CSP CHIPSET MODE
- Triple COPPER TUBE

Hybrid & EV support
 Built in temperature control system, used under a suitable temperature
 Good decode effect, fit for 99% car models

- 30,000 hrs
- Custom Lamp Beads
- Highlight Focus Light
- Diamond High Quality
- 0.1 S Instant Start
- Waterproof IP68
- Socket To Socket
- Easy To Install
- Energy Conservation

5G COOLING TECHNOLOGY
 • High speedcooling fan
 • Aluminum 6063

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	130W/bulb	-	12400LM/bulb

140B NEW

- External DRIVE MODE
- 4575 CSP CHIPSET MODE
- Double Pro COPPER TUBE

Hybrid & EV support
 Built in temperature control system, used under a suitable temperature
 Good decode effect, fit for 99% car models

- 30,000 hrs
- Custom Lamp Beads
- Highlight Focus Light
- Diamond High Quality
- 0.1 S Instant Start
- Waterproof IP68
- Socket To Socket
- Easy To Install
- Energy Conservation

5G COOLING TECHNOLOGY
 • High speedcooling fan
 • Aluminum 6063

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	140W/bulb	-	13400LM/bulb

150B NEW

- External DRIVE MODE
- 4575 CSP CHIPSET MODE
- Quadra COPPER TUBE

Hybrid & EV support
 Built in temperature control system, used under a suitable temperature
 Good decode effect, fit for 99% car models

- 30,000 hrs
- Custom Lamp Beads
- Highlight Focus Light
- Diamond High Quality
- 0.1 S Instant Start
- Waterproof IP68
- Socket To Socket
- Easy To Install
- Energy Conservation

5G COOLING TECHNOLOGY
 • High speedcooling fan
 • Aluminum 6063

Item No	IP Grade	Working Voltage	Power	Color Temp.	Luminous Flux
LED BULBS	IP68	9~32V DC	150W/bulb	-	14500LM/bulb

ITEM NO	SI	SI-F

PROJECTOR II LENS

SEE THE FUTURE

P5

- 2.5 inch SIZE MODE
- 3570 CSP CHIPSET MODE
- Bi-beam MODE

Main Features:-

- Hybrid & EV support
- Small side, fit most of cars
- Aluminum reflective cup
- High speed cooling fan, 12000rpm
- Built in temperature control system, used under a suitable temperature

Item No	Working Voltage	Power	Color Temp.	Irradiation Distance
Headlamp	9~16V DC	Lo/55W Hi/65W	-	≈500m*

P10

- 3.0 inch SIZE MODE
- 3570 CSP CHIPSET MODE
- Bi-beam MODE

Main Features:-

- Hybrid & EV support
- Low beam sharp cutting line, high beam focus bright center
- Dual reflective cup, long shoot, wider range
- High speed cooling fan, 12000rpm
- Built in temperature control system, used under a suitable temperature

Item No	Working Voltage	Power	Color Temp.	Irradiation Distance
Headlamp	9~16V DC	Lo/55W Hi/65W	-	≈800m*

P8D NEW

- 3.0 inch SIZE MODE
- 3570 CSP CHIPSET MODE
- Bi-beam MODE

Main Features:-

- Hybrid & EV support
- Low beam sharp cutting line, high beam focus bright center
- Dual reflective cup, long shoot, wider range
- High speed cooling fan, 12000rpm
- Built in temperature control system, used under a suitable temperature

Item No	Working Voltage	Power	Color Temp.	Irradiation Distance
Headlamp	9~16V DC	Lo/55W Hi/65W	-	≈800m*

P70 NEW

- 3.0 inch SIZE MODE
- 3570 CSP CHIPSET MODE
- Bi-beam MODE

Main Features:-

- Hybrid & EV support
- Low beam sharp cutting line, high beam focus bright center
- Dual reflective cup, long shoot, wider range
- High speed cooling fan, 12000rpm
- Built in temperature control system, used under a suitable temperature

Item No	Working Voltage	Power	Color Temp.	Irradiation Distance
Headlamp	9~16V DC	Lo/60W Hi/70W	-	≈1000m*

DRIVING LIGHTS

INTENSE PERFORMANCE

Extra Lighting, Auxiliary Lighting, Running Light
Off-road Modification

TECHNICAL INFORMATION

- Working Voltage: 9~32V DC
- LED Chip: Impored CSP Chipset
- IP Grade: IP67
- Working Temp.: -40°C ~ +108°C
